

Dear International Students ~ near and far!

I hope that everyone is well and adjusting to remote teaching and learning!

ADVISING & REGISTRATION: Your academic advisors have been actively reaching out to their students. This is advising week and registration for fall 2020 classes begins on April 13. If you are unable to access the registration system, IPO may be able to help! We need the following information (by email):

- Your name and A number
- PIN and registration dates/times
- CRN, Course code, course section, course name, professor, days and times of class
- Send at least 6 classes in order of importance - 4 classes plus at least 2 alternate classes

We cannot register you in independent studies, nor can we waive prerequisites or class enrollment limits.

INTERNATIONAL STUDENT ROUND UP: We will have an **International Student Round Up by Blue Jean on Thursday, April 9, from 10:00 - 11:00 am Los Angeles time.** Please complete this [form](#) by **Wednesday, April 8 at noon** to let us know you will attend. It will help us know what concerns you may have. Those who will to attend will be sent a Blue Jean invitation with a link on Wednesday afternoon. Attendance is not required.

IMMIGRATION CONCERNS: Federal regulations have been relaxed a tiny bit, due to the pandemic. Your SEVIS records will remain ACTIVE, even if you are finishing the semester outside the US. However, you must still report to IPO your current address, your major, if you will drop below 12 units of coursework due to illness and shortening or extending your graduation from Oxy. I will periodically send out updates.

DEAN OF STUDENT WORKSHOPS: The Dean of Students Office is conducting all kinds of [workshops](#) in support of students. Take a look and sign up!

INDIVIDUAL APPOINTMENTS AVAILABLE: IPO staff has student appointment hours - if you would like to set up an individual meeting. See my link below. If you can't meet during those times, please e-mail!

Be well, everyone. While most offices are working remotely, we are still here to help!
